

INNOVAIR TRAINING DAY - PART 3

ADVANCED CONTROLS, ZONING & SYSTEM INTEGRATION

Join us for Part 3 of our four-part Innovair training series, where we'll focus on advanced system integration, dual fuel applications, zoning solutions, and the tools that simplify system design and commissioning. Gain practical knowledge to help you install, configure, and support Innovair systems with confidence.

Training Location & Time

Bender — 155 S. Leonard St. Waterbury, CT

9/2 | 7:30–9:30 AM | Breakfast will be served.

What We'll Cover

Dual Fuel & System Integration

- Dual Fuel Applications
- Integrated Controls
- 24V Zoning (EWC & Honeywell)
- Communicating Zoning with Airzone Aidoo

Tools & Product Applications

- Slim4 Commissioning Tool
- Multizone Selection Tool
- 24V Adapter Kit for M Series
- A-Coil Applications for Multizone Systems

Hosted By:

Armando Echeverria – Product Engineer

Pierre Beaulieu – Regional Sales Manager

Matt Seyer – Manufacturer's Rep (Stamberger Associates)

RSVP BY 8/31
